Introductory Range of Airless Paint Sprayers for Professionals

## Q-PO21™

## Q-PO25™

**Built-in Toolbox**  
Everything at your fingertips with this handy storage compartment. Ideal for filters, tips, spanners and other small parts.

**Easy-Change Filter**  
Because the manifold filter strains the paint from the inside out, the housing never becomes clogged, and changing the filter is quick, clean and easy, requiring no tools.

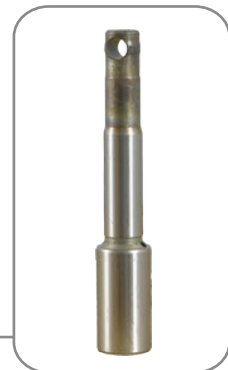

**Digital Display**  
Easy-to-read digital screen displays actual working pressure and error messages.

**Fully Adjustable Packings**  
The Q-Tech's upper and lower packings are easily adjusted simultaneously from the outside of the pump, extending the life of the packings, reducing repair costs and downtime.

**Durable DC Motor**  
The Q-Tech's powerful, slow stroking motor is fully enclosed, with a durable gearbox with a single gear. Stronger than smaller motors, less likely to fail.

**Bigger Piston**  
The Q-Tech's larger piston requires fewer strokes per gallon, reducing wear and extending the life of the piston, packings, valve ball and seat.

## SPECIFICATIONS

Model:	QP021	QP025
Code:		
110 v	QP021-110	QP025-110
240 v	QP021-240	QP025-240
Max. Tip Size	0.021"	0.025"
Max. Fluid Flow	2.1 Ltr/Min	2.9 Ltr/Min
Max. Pressure	3000 psi / 207 Bar	3000 psi / 207 Bar
Weight	25 kgs	35 kgs
Motor Type	DC TEFC	DC TEFC
Motor Capacity	1.0 Kw (1.34 HP)	1.3 Kw (1.74 HP)

Unit Ships complete with Q250 Airless Gun (Q250-150), 15m Airless Hose (614154TD), 517 Q-Tip (QC517), Q-Guard (QG-999), Packing Wrench and Packing Lube Oil.
