

Ultra[®] Max II ProContractor

Graco's top of the line Professional Airless Sprayers

WORK SMARTER

- Keep the sprayer on the job site and out of the shop! The ProConnect² pump installation and removal system allows you to change the pump in seconds.
- Monitor the performance of your investment more easily – the LED display is bright and easy to read.
- Comfortable and time saving, the QuikReel[™] hose reel allows you to save time and money.

Ultra® Max II ProContractor

Electric Paint Sprayers for Large Residential and Commercial Projects

It's for **YOU**, the smart professional, that Graco keeps reinventing spray equipment technology. Because we know you're looking for the latest innovations to help you finish jobs faster, and with less fuss and fatigue.

The **ProContractor Series** our Ultra® Max II range include top of the line innovations, for top of the line professionals that aren't satisfied with "just" high quality technology, but demand more.

Choose the Ultra® Max II ...

...if you're looking for the optimal unit for large residential and commercial painting jobs for inside as well as outside!

Where the Ultra® Max II 695 is well equipped for large residential new construction and renovation, the Ultra® Max II 795 is even a step up from that and delivers the performance and output you need for larger commercial sites as well.

On top of that, the Ultra® Max II 1095 has the versatility and performance to handle most light premix plasters.

... and go for the ProContractor Series for ultimate comfort and luxury!

Have a look at the latest innovative features we've added to the ProContractor Series of the Ultra® Max II range.

This is what distinguishes you from other professionals. This is where you save time and money. This is where you stand out.

QuikReel™

QuikReel™ Integrated Hose Reel

Work more comfortably and more efficiently. Roll out and up in a few seconds up to 90m hose - spray in a range of 180m without moving the unit, and get in, out and on to the next job site faster!

PRO CONNECT 2

ProConnect™

Keep the sprayer on the job site and out of the shop! The ProConnect² pump installation and removal system allows you to change the pump in seconds, saving valuable time.

SMARTCONTROL™

SmartControl™ 3.0 with LED display

Protect and monitor your investment more easily, with the bright and easy to read LED display that shows the job/lifetime/liter counter and the self diagnostics provided by the new and improved "brains" of the unit - the SmartControl 3.0.

FastFlush™

Save time cleaning your unit! The FastFlush pump cleaning system cleans the unit up to four times faster using only half the water.

FastFlush.

Materials & Applications

The ULTRA® MAX II PROCONTRACTOR is the ideal unit for large painting jobs, inside as well as outside! Your top of the line buddy for renovations, new construction, commercial and residential buildings, exterior facades, new housing projects, etc.

It handles most common tip sizes with ease! The ULTRA® MAX II PROCONTRACTOR sprays perfectly acrylics, primers, emulsions, waterborne as well as solvent paints.

Ultra Max II 1095 ProContractor

for large commercial & light plaster

JetRoller™

The new JetRoller system minimizes application time when combining rolling and spraying into one operation. The Inline™ valve provides even paint flow and eliminates dipping the roller in paint. Uses commonly available 18 or 25 cm roller covers.

Benefits:

- Reduces overspray
- Eliminates reaching
- Eliminates climbing and continually reaching up and down
- Complete large jobs in half the time of traditional methods

Kit includes a lightweight detachable roller frame, 50 cm extension, CleanShot™ Shut-Off™ valve, spray tip and guard.

www.graco.com

WatchDog™ Pump Protection System

The WatchDog Pump Protection System automatically shuts down the pump when paint runs out or if the hose is damaged.

- Prevents dry pumping damage
