

3M**Xtract™**

Clean Sanding Solutions

Designed for easier work.

3M Xtract™ Tools and Accessories

3M Xtract™ Clean Sanding Solutions is your one-stop shop for all your sanding application needs. From various clean sanding discs to random orbital sanders and portable dust extraction units, we have everything you need to help boost productivity and part quality in your operation.

Introducing a new line of tools and accessories designed for ease of use and optimal dust extraction. So that you don't have to compromise high performance for dust management.

Clean Sanding

Extracts up to 99% of sanding dust.

Paired for Precision

Optimised for use with discs containing 3M Precision-Shaped Grain.

Premium Performance

Helps boost productivity and part quality.

3M Xtract™ Tool Warranty & Servicing Program

Our commitments to you:
Minimal tool down time & 100% service satisfaction

Warranty

ONE year 3M Tool Warranty Program built for your peace of mind.

The new 3M Xtract™ tools are made to last and perform day-in and day-out. In the rare event of a faulty 3M Xtract™ tool during the first year after purchase, our Tool Warranty Program enables minimal down time so you can go back sanding as quickly as possible.

Just contact the reseller from whom you purchased the tool, send them the faulty item, a valid proof of purchase and the a description of the defect you describe for the warranty claim to be validated.

Once validated, the reseller will replace the faulty item with a brand new tool – possibly the same day depending on availability of the tool you required.

If you have an issue...

Please contact your re-seller/dealer

Valid Warranty in place

Re-seller provides you with a replacement tool

Servicing

A 3M Tool Servicing Program to extend your peace of mind.

Like any mechanical device, a thorough service can get the tools back to their prime - sanding just like day one.

Maintenance for 3M Xtract™ Tools is made possible by using network of Authorized Service Centers (ASC), present in most countries across Europe and the Middle East.

You have the choice of working with our ASC network directly or alternatively work through a 3M Xtract™ reseller able to handle the logistics and invoicing to and from the ASC on your behalf.

Our ASC network is committed to minimum down time for their 3M Xtract™ clients.

Warranty and Limited Remedy: 3M warrants this tool against defects in workmanship and materials under normal operating conditions for one (1) year from the date of purchase. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE.

Limitation of Liability: Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.

Submitting a Warranty Claim: Contact your dealer when submitting a warranty claim in accordance with the restrictions listed above. Please note that all warranty claims are subject to manufacturer's approval. Be sure to keep your sales receipt in a safe place. This must be submitted when filing a warranty claim, within 1 year from the date of purchase.

Product Repair after Warranty Has Expired: Repair of 3M Abrasive Power Tools that are not under warranty is available through 3M or 3M Authorized Tool Repair Representative. Contact your local 3M office.

Service: Have your power tool serviced by a qualified repair person using only identical replacement parts. This will ensure that the safety of the power tool is maintained.

Read all instructions within manual before using. All operators must be fully trained in tool usage and be aware of these safety rules.
